Billing

Members of the 3729 Club and those being billed monthly: the computer will bill you when you are due. Please wait for a bill. Returning the bill with your payment will insure crediting your account correctly, and save us the labor and expense of looking up your account.

Sending in a payment without a bill or renewal form costs more to process than the cost of printing and mailing the form to you. If you do not receive a bill when you think you should, drop us a card about it, and we'll check out the account. You may be paid ahead, or may not be down for periodic billing.

Moving

If you want your Folio to follow you when you move, you've got to do it the computer way: Attach the computer-label from your last Folio at your old address to a change of address card or the coupon on page 30. Add your new address, don't forget your zip code, and mail to KPFK North Hollywood, Ca. 91608. Allow about 6 weeks for processing.

Renewal and Mailing-Updating Procedures

With rare exceptions, we have mailed between the 20th and the 25th for the past year. If you have been on the machine-labeled mailing list, have not moved recently, and are not lapsed, you should receive the Folio before the 1st of the month. If you don't, contact your local Postmaster about delivery.

First Renewal notices are sent out with the Folio one month ahead of expiration. You will receive your last Folio with the Second Renewal notice around the beginning of the month your expiration date is up. This allows you to respond before the 2nd Wednesday of that month.

2nd Wednesdays are the key dates in subscription processing as anything processed by then is sent to the computer, and all updated bills, renewals and the Folio mailing list for the next month are printed and returned to us the following Monday. Folios are addressed and mailed by the end of that week.

As you can see, an address change or payment received by the 2nd Wednesday will take effect the next month. One day later, the same information will appear one month later.

> Madeleine and Roger, Subscriptions.

Announcement to All Blind KPFK Subscribers

The Folio is available on reel-to-reel and cassette tape to all blind subscribers to KPFK. If you would like to receive the Folio in this form, please tear off the address label on the back of your Folio and send it in along with a note stating that you would like to be on the special blind mailing list. Within two months (hopefully), you will be receiving our complete program guide on tape or cassette.

PRODUCED BY MARIO CASETTA A BENEFIT FOR LISTENER-SPONSORED RADIO KPFK (90.7 FM) TEIA ZOY

HAPPY BIRTHDAY FOLKSCENE!!!!!!!

Tuning in to Folkscene on Sunday evenings on KPFK has become a tradition of sorts. Where else can one hear new records of all genres; musicians performing live in unmatched sound quality; a calendar of upcoming concerts, hosted by a charming and slightly (sic) crazy couple; all in the privacy of one's living room.

Folkscene has been celebrating these weekly on-theair parties for almost five years now. Howard and Roz Larman are the two people responsible for making Sunday nights the event of the week, but their involvement in folk music and radio goes back many years.

The Larmans' interest in folk music was stirred by the chance purchase of a Weaver's record in the late 50's. Their record collection grew along with their accumulation of books, magazines, and memberships in folk music clubs and folklore societies. Presently they are one half of a partnership in Folkscene Publication. L.A.'s only folk music magazine. In February, 1970, Folkscene came on the air two afternoons a week; by May of the same year, the program became a live Sunday night feature on KPFK.

The list of guests on Folkscene is an amazine lineup of talent, numbering over 200 of the best in traditional and contemporary folk music, blues, country and bluegrass. A random sampling might include Joan Baez, Arlo Guthrie, Randy Newman, Eric Andersen, Taj Mahal, Steve Goodman, Don McLean, Brownie McGhee and Sonny Terry, Jean Redpath, Pete Seeger, the Incredible String Band, Bruce (U.Utah) Phillips, Kinky Friedman and the Texas Jewboys, Merle Travis, Tom Paxton, Phil Everly, Michael Cooney, Mike Seeger, John Hartford and Steeleye Span.

Equally important in the presentation of live music is the sound quality, and Folkscene's has improved greatly over the last few years. Starting with a three mike mixing facility, Folkscene expanded its engineering

under the professional sound direction of Alan Kanter, who is responsible for the mixing of all music. Kanter is an audio consultant at Henry Radio, mixes the sound at McCabe's Guitar Shop in Santa Monica, and designed the sound systems for McCabe's and the Bluebird Cafe in Santa Barbara. Pete Cole and Pete Cutler also aid in engineering capacities.

Generally, Folkscene functions on a loose format of traditional American, English, Irish, and Scotish music for the first half-hour, followed by Roz with the Calendar, the featured guest for the evening and then more records. Howard explains, "We are always trying to balance the program between traditional and contemporary music. Sometimes it just can't be done, but we do our best." Their listeners can attest to that modest claim; many guests were featured on Folkscene before the general public or a record company became interested. Among these include Don McLean, Maria Muldaur, Wendy Waldman and Tom Waits.

Besides the Folkscene program (Sundays, 9:30 pm to midnight; Thursdays 4-5 pm), the Larmans have been responsible for special produced programs, including "The Travelin Lady; Rosalie Sorrels," "This Land Is Your Land—The Life of Woody Guthrie," "Ric Masten — After the Sunset," and "Bruce Phillips — Rumor in His Own Time." Most remarkable of all, however, is the annual recording and presentation of the five-day San Diego Folk Festival, highlighted by a 12 hour broadcast on July 4 and specials throughout the month of July.

Howard and Roz believe that "the program seems to have a personality of its own." In comparison to most automated and structured programming found on commercial radio, Folkscene stands unique as a modern day version of an old-time radio show. Everyone is invited to become part of the Folkscene tradition and join the festivities; it is guaranteed that you'll never know what to expect!

AN IMPORTANT MESSAGE TO FILM OF THE MONTH CLUB MEMBERS: (IGNORE AT OUR PERIL!)

Due to a complicated set of circumstances, many of which are beyond our control, the Film Club, which started out as an adorable trouble-free baby, is rapidly growing into an exasperating monster. Since the quality of the Club offerings is directly related to the amount of love which goes into the Club's administration, it is hoped that we can all cooperate to tame this subverter of Pacifica idealism into a docile diverter once again.

The New Film Club

The nature of the problem: Until very recently, we usually had trouble getting people to attend screenings! Space is lacking for an extensive analysis of this prior situation. The theater was not quite as conveniently located, true. The proportion of new features was not as great, but we are firmly convinced that the choice of films is not the cause of the current situation. Our best analysis is that the increased demand for seats is due to an atmosphere of economic panic which has immeasurably increased member's desire to get "something for nothing." People previously were very selective about which screenings they would bother to attend now are ready to make reservations before they find out what the film is! Inasmuch as we were preoccupied with the problem of getting people to attend the screenings, we did not anticipate the drastic change in membership habits

Given the proper foresight, we surely would have limited membership and/or represented benefits differently in print and on the air. Let us hasten to add that the number of people who have actually been disappointed in their attempts to make reservations is relatively small—but that our original intention was to be able to include all insterested members each month.

Another aspect of the monster is that the Film Club tand to some extent, the 3729 Club), has stimulated people to relate to the station as if KPFK were a flourishing profit-making business, and not the struggling, sometimes pathetically overtaxed, understaffed operation that it is. For example, members have unblinkingly demanded that they be permitted to totally tie up the station switchboard with film club calls, rather than use the special lines reserved for this purpose. Few, if any of the people who have grumbled about the difficulty of getting a free line, or about being put on "hold" have volunteered to come down to the station to help take the calls, tnot all are 9 to 5 ers).

The new phone lines, installed and maintained at some expense, will accommodate five calls at once, IF there are volunteers to answer them. We can't deflect 25% of our staff from program production and station survival to this purpose, and find it highly demoralizing that Pacifica supporters would ever consider the latter alternative preferable to their being so inconvenienced as to have to call back a few time or. God forbid, miss out on a movie altogether. We have always assumed that our listener's first priority is that KPEK produce its unique programming. If we're wrong, then we're all in trouble.

The Old Film Club

A MISCELLANY OF FILM CLUB INFORMATION

It usually costs over \$400 to rent a screening room in Los Angeles. We have the good fortune to have an excellent arrangement with Laemmle Theaters, without which the Film Club would change overnight. Our previous house had 350 seats. We have been using Laemmle Theaters with capacity of over 700 seats. Members have suggested that "we get a larger theater." This ignores the impossible financial burden which that would impose, but that is the least of it. Quite simply, the film distributors who recently have been kind enough to lend us prints have their own needs, and these do not include losing over 2,500 potential customers. Thus, even if a larger house were available, we might be limited to rentals of old films (which, by the way, can cost as much as \$250 in l6mm). (And many theaters can't show 16mm films.) 35mm films have very limited availability on the non-profit circuit - and are more expensive.

SO WHAT'S GOING TO HAPPEN?

For starters, it would help if members would remember that we are still KPFK, and not General Motors, the Bank of America, or Santa Claus. Measures will be taken to limit growth of the Film Club, with constant monitoring of new Club habits. (maybe people will stop attending for some new unfathomable reason). Every attempt will be made to provide consolation screenings for those who called and found reservations full.

Hopefully, things will return to normal presently. In the meantime, here's what you can do to help:

- I- strictly follow reservations instructions as printed in the folio or announced on the air. (if calls are taken between llam and 5pm, there really won't be anyone to take your call at 6:15pm).
- 2- Arrive at screenings on time. Reservations will be guaranteed only until showtime. (The Club has a history of substantial no-shows, and we feel duty-bound to accommodate bona fide members who have "problems" with their reservations if seats are empty. It is also a reasonable practice to overbook by 10 or 20 people out of 700, since 50 empty seats are common, even with full reservations.)
- 3-Call as early as possible to make your reservation. (You do not have a bona fide reservation unless it is taken by an accredited reservation taker with the official list. Weekend and evening announcers cannot take reservations.) The theater cannot and does not take reservations.)
- 4- Remember your reservation number when you arrive at the theater. Have your card out and ready. (If you don't have your reservation number, you'll have to search for it among 350 names.)

FILM OF THE MONTH

CHILDREN OF PARADISE (Les enfants du paradis)

DIRECTED BY MARCEL CARNE'. WRITTEN BY JACQUES PREVERT.
JEAN-LOUIS BARRAULT, ARLETTY, PIERRE BRASSEUR, MARIA CASARES

3 HOURS, 8 MINUTES

"This lushly romantic creation... seems to burst the bounds of the medium. At first it may seem a romance set in the Paris of Balzac; it is likely to turn into an aesthetic problem on the relations of art and life; it even turns into a comparison of dramatic modes - for it includes at least five kinds of theatrical performances. And encompassing these, it is a film poem on the nature and varieties of life - sacred and profane, selfless and possessive. Made during the occupation, when some of its makers were being hunted by the Gestapo, this extraordinarily sumptuous production was filmed in garages and Maguis hideaways where starving extras made away with some of the banquets before they could be photographed.

Pauline Kael "Kiss Kiss Bang Bang"

SATURDAY, FEBRUARY 15 SUNDAY, FEBRUARY 16

Very early, at theaters to be announced.

Reservations will be taken over 985-5735 ONLY beginning Tuesday, Feb. 11, between 11am and 5pm.

Please do not phone this number for Film Club business at any other time--noone will answer.

Highlights

A

THE THEME IS ROMANCE.....

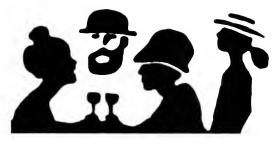

This month, inspired by St. Valentine rather than the august birthdates of various presidents, we have assembled a variety of programs that deal with human passions. It is perhaps only fair warning to alert you that they will focus more on bread and roses, than hearts and flowers.

Our morning reading, daily at 9:30 a.m., features the works of the great French writer, Collette, presented by Maureen McIlroy. Collette investigated romance with the thoroughness of a detective, the knowledge of a conossieur, and a generosity of spirit toward the fragility of the heart. Her stories are a blending of introspective sentiment and rational appraisal, a unique mixture, particularly French.

Maureen, who has in the past so beautifully performed the novels of Virginia Woolfe, will read the novel Cheri, and sections from Sido and My Mother's House.

COLETTE

M

Carlos Hagen, intrepid documentarian, has concocted three specials about the theme, on Sundays at 8:30 pm (see individual listings) Public Affairs, which disdains any scent of trivia, offers "Love your Local Police Department?", and a major two-part documentary on alcoholism, "The Love of Drink is a Way With Them," on consecutive Wednesday nights. Drama and Literature is frankly sentimental in an original production of the letters of Tchaikovsky, "Do Not Forget And Think Of Me Sometimes." And we remain staunchly traditional with a full-length presentation of William Shakespeare's Romeo and Juliet.

The heart as a symbol appears next to the individual listings of programs that relate to the theme. We suggest you leaf through Folio pages and linger on the dial.

Because next month's theme is $\it THE\ GREAT\ DEPRES-SION$.

" CANDIDE"

What Shakespeare is to the world of emotions, Voltaire is to the world of ideas.

This French master of satire and wit had no patience with hypocricy, boorishness, or extremes of any kind. He was a bitter enemy of anyone or anything that stood between Man and Truth - be it governmental, religious, or philosophical. Although set in the Eighteenth Century, Voltaire creates people and situations that are universal; as easily recognizable today as they were to his contemporaries during "The Age of Reason." It is this Universality that ranks Voltaire with Moliere, Swift, Pope, and Wilde as one of the civilizations greatest saterists.

The transposition of the Novel into another medium offered several challenges to KPFK's Drama and Literature Department: First, it was necessary, above all, to retain the integrity of the original. In addition, elements unique only to radio had to be employed to give the work the immediacy and spontaneity that would enable the production itself to stand on its own as a work of art.

To do this, we combined the techniques of "old time radio drama" with the advent of stereo and modern electronics. To this, we added a cast of professional actors, all trained for or with experience in Radio as a dramatic art form.

The result was a listening experience for the entire family. Youngsters will find Voltaire a master story-teller; Students will find a new, fresh and exciting approach to the World's great Literature; and adults will find themselves laughing at the foibles of Human Nature, and the deeper insights into politics, the Church Philosophy, or any institution that endeavors to control Man's body, mind, or spirit.

Anthony DeFonte, and Harvey L. Kahn head the professional cast, while Tiji and Peter Sutheim are responsible for technical innovations and production work.

LOVE POEMS BY KIDS!!

On "Many Worlds" Sunday, February 2nd, at 10:45am, Mario Casetta will present selections from "Voice of The Children," poems written by a group of Brooklyn youngsters. The poetry will alternate with love songs performed by international favorites such as Merlina Mercouri, Marlene Dietrich, Joan Baez, Maria Tanasse, Joan Manuel Serrat and Billie Holiday.

George Bernard Shaw

In January, June Foray and Charles Morgan alternated in the reading of George Orwell's portentous 1981. To some effect we are told.

In February, Ms. Foray and our resident commentator will combine in a presentation of G.B. Shaw's one act, three-part set piece, Village Booing. This gauzy piece of Shavian romantic nonsense looks not grimly ahead as did 1984 but backward to a time a half century before that day of Orwell's awful forecast.

Village Il ooing has no deep message. It's an entertainment made delightful by the sparkle of Ms. Foray's cunning bursting of the intellectual bubble blown by Morgan. Friday Feb. 14, 8:00pm.

CLARK HUMANITIES MUSEUM SCRIPPS COLLEGE, CLAREMONT, CALIF.

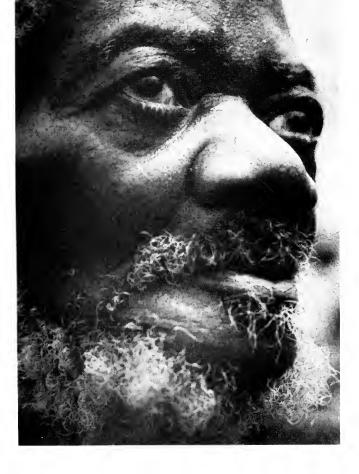

" The Pygmies of Zaire retain a culture of the purest and the most quintessentially human type from the very dawn of mankind. They ore the lost representatives of the Golden Age ... The Pygmies know things about living that no other human beings know. Mankind is not advanced to the point as yet that we know how to obsorb the treasures that lie in the ancient life style of the Pygmies. The only way we can help ourselves is to give ourselves enough time to become this tolerant and this wise. This means that the Pygmies ought to have their own corner on our vast planet to keep their own spirit alive for the future benefit of the whale human race." — Dr. Alan Lamax, Director, Dept. of Anthropology Columbia University, New York

THE PYGMY FUND P.O.Box 45956 Los Angeles, Calif. 90045 Philip L. Allen came into my employ five days before the tragic announcement that three policemen had been shot under confusing circumstances.

When I heard of Philip's arrest, I was shocked and surprised at his possible envolvement. We had talked several times about a number of things and to me he appeared a bright young man with a real concern for his future.

Philip showed intense interest in photo-lithography with which he came into contact in my shop. He also talked about radiology as a possible career.

He was looking forward to represent LACC in gymnastics. It is hard for me to believe that Philip could do anything so violent, and I will do what I can to help him get a fair trial.

Philip has been charged with murder and two counts of assault with a deadly weapon in the shooting of three deputies.

Larry Steinberg, one of the most respected and dedicated human rights attorneys in this area, has been retained as legal counsel.

The Fellowship for Social Justice of the First Unitarian Church of Los Angeles, of which Ellery Allen, Fhilip's mother, is an active member, has set up a special defense fund to help defray the legal expenses.

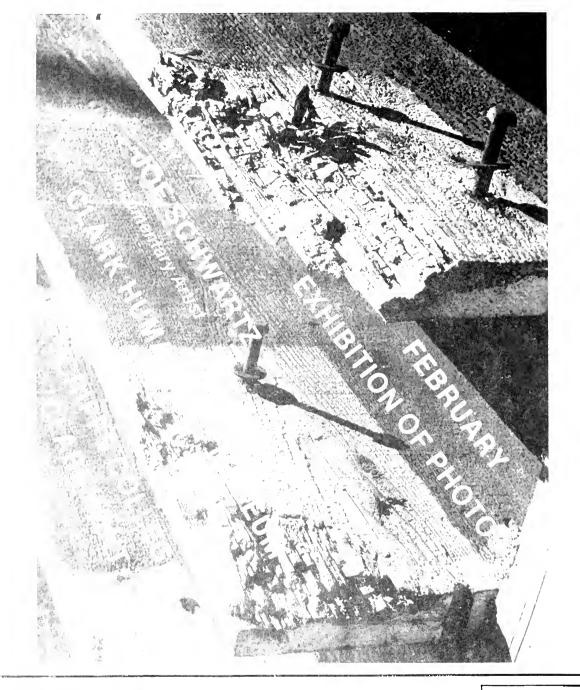

Please send contributions to Philip Lenford Allen Defense Fund, c/o FSJ, First Unitarian Church, 2936 West 8th Street, Los Angeles, California 90005.
